Raja Yasir Humayun Sarfraz
Minister for Higher Education and Information Technology Punjab.

Raja Yasir Humayun Sarfraz belongs to the district Chakwal. He completed his schooling at Aitchison College. He graduated from the University of Florida and holds a Bachelor of Science degree in Computer & Information Systems. He belongs to a Nobel and renowned family of the district Chakwal. His family is famous for their political services and philanthropy.

Soon after assuming the office of Minister for Higher Education, he introduced new measures and reforms to improve the quality of Higher Education in the province of Punjab. He used a top-down approach to implement his agenda of reforms by appointing heads of institutions on merit and empowering them to bring positive changes for the betterment of the institutions.

To improve the examination system, he gave a 10-year roadmap on which work started. At the first step, relative grading was introduced. The prime objective is to discourage rote learning and to develop an examination system based on the evaluation of creativity, critical thinking, comprehension and logical problem-solving skills of the students.

Mr. Nadeem Mahboob,
Secretary Higher Education Department Punjab.

The prime focus of Secretary Higher Education, Mr. Nadeem Mahmoob, is the dissemination of quality education in the province of Punjab. He started departmental reforms for transparency and improved governance. He initiated the process of digitalization to improve the quality of services, it is aimed at ensuring transparency in the system as well as eradication of red-tapism. He took special interest in developing the infrastructure of One Window Operation and provision of online services in all the Boards of the Punjab to facilitate the students and the public. It is a great service indeed.

Dr. Tariq Mehmood Qazi Chairman BISE, Gujranwala

I believe in hard work and always encourage teamwork. The up-lift of this Board is our prime objective. We are working tirelessly to achieve this objective. One of our priorities is the infrastructure development and capacity building of this Board. For this purpose, many projects are completed like the renovation of the Facilitation Centre, conference room and General Branch. A massive plantation campaign was launched and completed successfully. We are also planning to initiate many new projects of infrastructure development of this Board to fulfill the growing needs of the future. Moreover, we have revolutionized the merit-based promotions of the employees and promoted the culture of meritocracy and transparency.

We have upgraded the service delivery mechanism to facilitate the students and the public. To achieve this goal, we are near to digitalize the whole system. We have made most of our services online to facilitate the public. This has changed the public opinion towards the Board because now people feel comfortable in getting services from the Board. Now one can pay his dues through online banking systems like Internet Banking and mobile app. Our main agenda is the welfare of our employees and the growth of this Board. We are committed to achieve the desired goals with hard work and consistency.

## Message from Prof. Gohar Altaf, Secretary, BISE, Gujranwala

"'Education is the kindling of a flame, not the filling of a vessel." (Socrates)
The goal of the nation's building is a vital task for which we all have been selected. In today's knowledge-based economy, skills drive future productivity gains and economic growth. And it is growth that determines the economic well-being of the country. The provision of an exemplary and conducive environment for skills-oriented learning and assessments of the students is a core responsibility that falls on our shoulders. I believe in institutional reforms, improved inter-departmental coordination, and strict evaluation of Key Performance Indicators for better service delivery and the ultimate strengthening of this organization. I along with my team, vow to leave no stone unturned to serve this very
