Raja Yasir Humayun Sarfraz
Minister for Higher Education and Information Technology Punjab.

Raja Yasir Humayun Sarfraz hails from District Chakwal. He completed his schooling at Aitchison College. He graduated from the University of Florida and holds a Bachelor of Science degree in Computer & Information Systems. He belongs to a Nobel and renowned family of the District Chakwal, his family is famous for their political services and philanthropy in the area.

He is a great reformer who is working tirelessly to reform the educational system. He is pursuing the agenda of change. He wants to bridge the gap between the Haves and the Have Nots that also exists in our educational system, one is for common people while the other is for elite. He is going to reform whole educational system by introducing many new reforms in examination system of the educational Boards of Punjab. Following his vision, now Punjab has become a hub of learning and educational research. The international ranking of our universities has improved enormously, it shows great devotion and dedication of the Minister for Higher Education to improve the quality of education in Punjab.

To transform the examination system, he gave a 10-year roadmap on which work has already been started. At the first step, relative grading was implemented. Now, work on second phase is also started at provincial level. In this respect, different committees are established to assess, evaluate and recommend new measures to reform the existing examination system. The prime objective is to meet the International standards of examination and to discourage rote learning. The vision is to develop an examination system in Punjab based on the evaluation criteria which includes critical thinking, comprehension and logical problem-solving skills of the students.

Syed Javed Iqbal Bokhari

Syed Javed Iqbal Bokhari assumed the charge of Secretary, Higher Education Department Punjab on 25th, August 2021. He has great qualities of head and heart pen and mind. He introduced many new measures to enhance the quality of education in the province of Punjab. He ensured transparency and meritocracy in the department.

The world is fast changing and to meet the challenges of new era, he stressed upon the need for digitalization. He favored the policies that are in the best interest of students. To meet the international standards of learning, he focused on Training and higher learning of the teachers. To over-haul the existing examination system new policies are introduced based on analytical approach. He is working with great devotion for the promotion and patronization of Higher Education in Punjab. He has initiated numerous infrastructure development projects with meager resources of the department, it speaks volumes about his management qualities.

Dr. Tariq Mehmood Qazi
Chairman, Board of Intermediate and Secondary Education, Gujranwala

Chairman's Message

I always encourage teamwork as the teamwork makes the dream work. The achievements of an organization are the results of the combined efforts of each individual. My team helped me a lot to actualize my vision for the growth and development of this Board. I thought and visualize a dream for Gujranwala Board. My prime aim was to facilitate the students and public to get services in an easiest and dignified way. The other objective was the human resource development and infra-structure development of this Board.
We have revolutionized the service delivery mechanism of Gujranwala Board. For this, we have utilized the tool of digitalization and the use of modern technology. We have finalized different MoU's with different organizations to increase the capacity building of this Board. We have introduced many a new online service to facilitate the students and public at large. We have finalized a MoU with Post Office. It saves millions of rupees and provide speedy corresponding services to Board clients. We have also finalized MoU's with HBL and EasyPaisa, these MoU's are helpful in online transactions. Now everybody is at ease to submit their fee by using these channels without traveling they can get services from Board at their door step.

The human resource plays a vital role in the growth of an organization. Training are a must for the development of human resource because success in management requires learning as fast as the world is changing. For the accomplishment of this cherished goal a comprehensive training mechanism is established and all the arrangement are made to equip the employees with learning new trends and information technology and the rules as the training helps to teach the vision and mission, but it is up to employees to put the training into action for it to have meaning. It is very true that self-belief and hard work will always earn you success. Hopefully, Gujranwala Board will make progress in all spheres with a skilled and hardworking human resource.

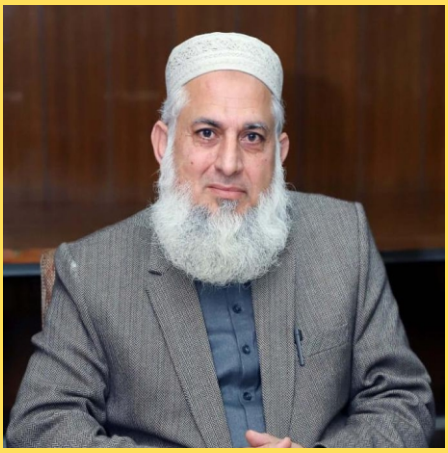

The other area on whom we worked is the infrastructure development and beautification of this Board. We planted many trees and ornamental plants to beautify the Board campus, provided many facilities at OWO and rehabilitation work of roads is done. Now, we are working on the construction of a mega ware-house and extension of OWO. It is my priority to facilitate the employees in the matters related to their service like timely promotions and their welfare that includes conducive working environment and provision of medical facilities.

The examinations are the most important feature of Board. We have introduced many new reforms to improve the quality of examination system and to ensure transparency in the conduct of examinations. We have increased the remuneration of teachers who take part in the conduct of examinations and supervisory staff to improve the quality of examination system. We are working on many new projects to change the system to meet the growing needs of future. We have also introduced our own cover sheets printing system. It saves time and money of the Board. I want to see this Board a distinguished and prospering organization with the aim to achieve apex goals.

Message from Prof. Gohar Altaf, Secretary, BISE, Gujranwala

"'Education is the kindling of a flame, not the filling of a vessel." (Socrates)
The goal of the nation's building is a vital task for which we all have been selected. In today's knowledge-based economy, skills drive future productivity gains and economic growth. And it is growth that determines the economic well-being of the country. The provision of an exemplary and conducive environment for skills-oriented learning and assessments of the students is a core responsibility that falls on our shoulders. I believe in institutional reforms, improved inter-departmental coordination, and strict evaluation of Key Performance Indicators for better service delivery and the ultimate strengthening of this organization. I along with my team, vow to leave no stone unturned to serve this very purpose of our institution.

A magnificent Seerat Conference was held in the multipurpose hall of Gujranwala Board to celebrate Ashra-e-Rehmat-ul-Alamin ﷺ . While addressing the Seerat Conference, Dr. Tariq Mahmood Qazi has said that the Holy Prophet ﷺ was sent as a mercy and the best expression of love and obedience to him is to follow his blessed Sunnah. He said that one of the major reasons for the decline of the Muslim Ummah was the apparent contradiction of words and deeds, which was not at all found in the entire life of the Holy Prophet ﷺ . He said that our salvation in this world and in the hereafter lies in living according to Islamic teachings and we must reaffirm our commitment during this great month that we will always keep in view the noblest of character of the Holy Prophet ﷺ .

The Secretary Board Prof. Gohar Altaf, the Controller of Emanations, Prof. Muhammad Naeem Butt, the Research and Coordination Officer, Atif Imdad Tarar, the Audit Officer Zia-ul-Murtaza Farooqi, other officers, Board employees, scholars, teachers and dignitaries participated in the conference. The Chairman of the Board said that the real importance was harmony in knowledge and practice and through it one could easily acquire the material and spiritual growth and development. Highlighting the glorious aspects of the life and character of the Holy Prophet ﷺ , Prof. Dr. Muhammad Shafique Tabassum stressed on the value of justice and respect for humanity in Islam in the light of teachings of Holy Prophet ﷺ . A renowned religious scholar, Molana Zahid-ur-Rashidi motivated the audience with the last sermon of Holy Prophet ﷺ that the evil values which were eradicated by our Holy Prophet ﷺ why now in vogue? He stressed that the adultery, drinking, nepotism, prejudice and favoritism be uprooted from the Muslim society. The Audit Officer, Zia-ul-Murtaza Farooqi was served as stage secretary. The conference proved a marvelous and memorable event during the month of Milaad-un-Nabi ﷺ.

During the conference, Tilawat, Naat and Darood-o-Salam were also recited and special prayers were offered for the progress and prosperity of the country.
