Your Excellency,

I am delighted to share that The Queen's Commonwealth Essay Competition (QCEC) 2025 is now open for submissions and that this year's theme is: *Our Commonwealth Journey.*

Journeys are a fundamental aspect of our lives, helping us to explore, to learn, and to grow. Throughout history, nations, communities and individuals have undertaken their own journeys, navigating the tides of an ever-changing world.

Since its founding in 1949, the Commonwealth has undertaken many journeys to evolve into its current form, with 56 member countries, and recently celebrating its 75th anniversary. There are also many great journeys to be had within the Commonwealth, which spans five continents, is responsible for a third of the world's oceans and has a hugely diverse population of 2.7 billion people.

Your support in promoting the competition will be invaluable in inspiring young people to participate and share their perspectives. I would be grateful if you could kindly forward the competition details to the relevant departments in your capital and help raise awareness within your local community by sharing it with your networks.
